

PSHCE

Intent

At Esh C of E (Aided) Primary School, our PSHCE curriculum is accessible to all and will maximise the outcomes for every child so that they know more, remember more and understand more. At Esh our curriculum enables our children to become healthy, independent and responsible members of society. It aims to help them understand how they are developing personally and socially and give them confidence to tackle many of the moral, social and cultural issues that are part of growing up. We provide our children with opportunities for them to learn about rights and responsibilities and appreciate what it means to be a member of a diverse society. Our children are encouraged to develop their sense of self-worth by playing a positive role in contributing to school life and the wider community.

At Esh C of E (Aided) Primary School, we deliver the curriculum by utilising first-hand experience and sharing good practice. However, we are aware that the delivered curriculum must reflect the needs of our pupils. We expect teachers to use a PSHE programme to equip pupils with a sound understanding of risk and with the knowledge and skills necessary to make safe and informed decisions. We believe that the purpose of PSHE education is to build where appropriate, on the statutory content already outlined in the national curriculum, the basic school curriculum and in statutory guidance on: for example, drug education, financial education, citizenship, personal safety, relationship and sex education and the importance of physical activity and diet for a healthy lifestyle. PSHE is integral to the development of children values in order for them to become a positive citizen in a forever changing community.
